## Service Opportunities

We have the opportunity to serve at many amazing non-profit organizations throughout New York City. Two that are included are The Bowery Mission and World Vision. Founded in 1879, The Bowery Mission's purpose and goal has been to provide help and hope to the homeless and impoverished in New York for 136 years. We will be working in the mission throughout the day in food services and cleaning as well as leading worship for their afternoon chapel service. The mission will serve up to 1,000 meals each day we are there! World Vision's Bronx location is located in the poorest congressional district in America. We have the opportunity to assist them in making meal bags and stocking supplies for their teacher resource area.

## Prepare

Packing - Please keep in mind that it will be cold while we are in New York so pants, a good pair of walking shoes / boots and warm clothing are encouraged. We will be outside for some activities!
